The Cedar Valley Mountain Bike team is a group of 150+ junior- and high-school youth mountain bikers in Eagle Mountain who race in the Utah High School Cycling League (the nation's largest league!). We are a non-profit organization with one goal: to get kids on bikes, regardless of income or skill level, in a fun and safe environment.

For the 2026 season, we are looking for sponsors like you to help us improve the experience of our young riders with new team equipment, bike maintenance tools, jerseys and riding gear, food and race-day materials, first aid equipment, bike scholarships for kids in need, and more.

Our sport is an expensive one, but we have managed to keep our costs below almost every other high school-level sport, and it's only possible because of sponsors like you.

These kids do the work—putting in hundreds of hours of riding, maintenance, volunteer trail work, and more. They persevere through crashes, fears, mechanical problems, rain and mud, and still show up with a smile on their face and determination in their hearts. More importantly, every child is welcome, regardless of gender, skill and ability, background, or income level.

As a coach, it's truly inspiring to see our riders progress throughout the season and watch them gain confidence, build friendships, overcome adversity, and just have fun. We are able to do this because of our outstanding donors and sponsors.

Attached to this letter is a breakdown of our sponsorship packages.

Sincerely,

Adam Clark |

HEAD COACH

Cedar Valley Mountain Bike Team: Help get kids on bikes!

It's the goal of the Cedar Valley Mountain Bike team to get kids on bikes and provide a safe environment, regardless of income or skill level -- and we need your help! Sponsorships from businesses like yours are an amazing way to give back to the community, help provide kids with new opportunities and experiences, and help the team grow.

Funds will be used for bike sponsorships for kids in need, repair and maintenance, travel costs, race-day items and equipment, first aid kits, tents and easy-ups, and more. Anything we can do to make the training and race-day experiences better, safer, and more fun for our riders, the better.

Our team is actively seeking sponsors from prominent companies like yours. **The deadline for Sponsorship commitments is April 17th, 2026.**

DONOR
\$250-\$500
